WELCOME

FABIO A. ANDRADE

Founder of AmericasCC

In 1995, in South Florida, given the imminent need of the various Hispanic communities to have a voice in different government agencies, a group of community leaders formed “CAPAC” with the goal of being the voice for said community; to achieve the necessary attention to meet multiple needs. The Americas Community Center, Inc. was created in 2001 with the purpose of providing attention to Hispanic communities, through programs and services that seek to improve their quality of life in various aspects and integrate the immigrant into the American culture. We are currently implementing quality processes and continuous improvement to guarantee the best service to our community and seek sustainability over time.

SPONSORSHIP

opportunities

Our main objective is to design programs that support and complement immigrant's efforts to facilitate their adaptation in the American environment and support their aspirations and desire for progress. Americas works with 4 types of sponsorships.

Financial Sponsorships

Financial Sponsorships are the backbone of our organization which allows Americas to continue working on the silent (behind the scenes) work of private immigration matters happening daily in the community.

In-Kind Donations

these types of sponsorships create a larger impact on the community less fortunate. Mother's Day, Thanksgiving Day, and Toy Drive are perfect areas to donate large amounts of in-kind donations.

Promotional Partners

Achieve Brand Recognition by being a partner of ACC weekly newsletters sent to a database of over 10,000 subscribers. Sponsor weekly networking meetings attended by 70+ business owners.

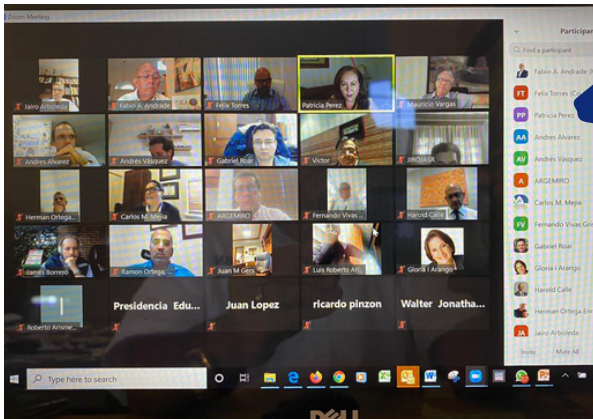

Event Sponsorships

Each event Americas' hosts has its sponsorship package based on its individual needs. Refer to page two for annual events.

THE RESILIENT WORK *of Americas*

Americas Community Center is a community leader offering community help in numerous ways.

Virtual Planning Meetings

MEDICAL AID & FLIGHTS FOR REFUGEES

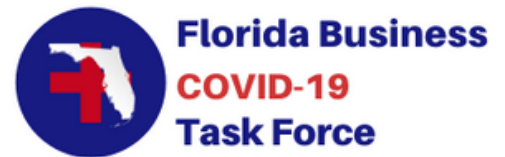

ACC was instrumental in bringing together a large number of Puerto Rican community leaders to form an alliance to assist the relief efforts of Hurricane Maria that devastated the island.

Americas organized a round table with Governor Rick Scott, chambers of commerce, non-profit organizations, political leaders and businessman.

FLORIDA BUSINESS COVID-19 TASK FORCE

Americas organized and spearheaded the Florida Business (Covid) Task Force. A group of 26 chambers of commerce, 7 non-profit organizations, elected officials & professionals came together to educate our community during the Covid pandemic. Results:

- 50 virtual conferences to educate small businesses to apply for PPP
- A virtual round table with Senator Rubio, senate leader of the PPP program
- Educated with seminars to help people obtain PPP. Total was \$50 million dollars in government assistance to local business owners.

SHIPPING DISASTER RELIEF

ACC was able to bring together many Colombian community leaders, business people, non-profit organizations to collect donations for the Providence Island in Colombia. Americas assisted in facilitating the shipping of three 20 foot shipping containers with relief for victims at a **LOW COST..**

"We may not be able to change the world, however we have and are changing the world for one child at a time"

Fabio A. Andrade, Americas Founder

Colombian Kids 1st trip to USA.

ACC coordinated with the cities of San Antonio de Tequendama and Macheta in Cundinamarca, Colombia to bring rural cultural dance groups to The City of Weston four years in a row. Kids would participate in the annual event "Noche de Velitas". The children had a great experience staying at a home of a Colombian family and had the opportunity to have a first hand view of life in America.

Most of the children had never been on an airplane nor have been in the ocean. The trip had day excursions including lesson of how to surf in the ocean.
