Your support to empower women entrepreneurs

This year Americas Community Center has begun a series of motivational talks focused on the Hispanic Woman called "Mujeres CEO".

The events are held in Spanish, with 60+ businesswomen in attendance per event. The target audience is Hispanic women 25+ years old living in Broward and Miami Dade county.

Along with a speaker highlighting each event; a local community leader is recognized for their contribution to promoting women's empowerment. We are convinced that your support for this initiative will help empower women entrepreneurs in the community.
